SOCIAL MEDIA IMPERSONATION

Situation

A Skurio customer was concerned with brand reputation, protecting high value individuals and preventing malicious campaigns from exploiting their brand or customers.

SOCIAL MEDIA IMPERSONATION

Task

The Skurio Intelligence Analyst team were tasked with identifying social media accounts that impersonate their VIPs.

SOCIAL MEDIA IMPERSONATION

Action

The analyst team conducted a review of social media platforms (TikTok, Facebook, Instagram & Twitter) and compiled a list of all impersonated accounts.

This information was then passed to the Skurio customer.

SOCIAL MEDIA IMPERSONATION

Result

The customer reviewed the work conducted by the analysts and tasked them further to get the fake sites taken down, which they achieved. Skurio were then tasked with ongoing social media monitoring.
